April 2009

Wireless Internet Access now available at
Gilligan's Restaurant in Leamington

Planning a working lunch? Stop by Leamington's latest Hot Spot - Gilligan's Restaurant at 26 Erie Street North and enjoy Wireless Internet Access courtesy of WaudWare Incorporated.
WaudWare has been producing software for the produce industry since 1989 and has customers in and around the Leamington area.

The Produce Inventory Control System – **PICS** is a robust software solution specially designed for the fast-paced produce industry to improve operations and profitability. **PICS** is all about buying, selling, traceability, inventory, production, brokerage and accounting functions. **PICS** is adaptable for every size of business, because it grows with you! WaudWare also provides an Internet or Intranet version of **PICS** called **WebPICS** which offers fast, accessible, real time data.

Effective software, coupled with service that customers rave about, makes **PICS** by WaudWare a smart choice. Check out our website at **produceinventory.com**.

We hope you enjoy the Wireless Internet Access at Gilligan's and look forward to connecting with you in the near future!

Sincerely,

F. Charles Waud
President
